Hi Jimmy, I hope all is well. I wanted to let you know that things will likely be heating up with Protest Activity at Tufts as our dining services employees look to unionize under Boston local 26. The student groups have jumped on this in strong support for the dining staff workers with demands that the university recognize them as a union.

We've heard that there could be some type of organized activity on Patriots Day but we have absolutely no specifics at this time. We are trying to gather information and if we hear of anything that could impact the City we will certainly let you know. Not sure if you have any contacts embedded in Local 26, but if so, we'd ask if they can keep an ear to the wall. I'll keep you updated as things progress. Thank you.

Lee
